

***Dentistry: Transforming Lives... One Smile at a Time!***

presented to

West Virginia State University Science Majors

by

Shelia S. Price, DDS, EdD  
Associate Dean for Admissions, Recruitment and Access  
West Virginia University School of Dentistry

April 3, 2012

**ABSTRACT**

Designed to foster interest in dental careers and help students at West Virginia State University chart their pathway to dental school, this interactive presentation will offer insight into integral linkages between oral health and systemic health as well as provide essential details and responses to questions about admission to dental school. Topics include dental admission criteria, admission interviews, recommendation letters, post-graduate dental specialties, and dental career opportunities.
