Health Science Leadership in Allied Health Program Overview: The Bachelor of Science in Health Science - Leadership in Allied Health degree is a 2 + 2 program requiring an Assocate Degree in an Applied Science. This emphasis area is designed for health care providers in allied health fields, or those desiring to work in those fields. This concentration will be built upon the students existing professional knowledge to enchance their skill in communication, critical thinking, problem solving, research, and health theories. In addition, the concentration will equip graduates with leadership skills as they relate to the allied health discipline. There are sufficient elective credit hours for students to also obtain a Leadership Certificate from the College of Professional Studies if they wish to do so.

College of Professional Studies Leadership Certificate Information can be found on the reverse side of this sheet.
