MUST BE COMPLETED BY ACADEMIC ADVISOR

Dear WVSU Academic Advisor:

Maintaining Satisfactory Academic Progress (SAP) is one of the many federally mandated criteria reviewed in determining a student's eligibility to continue to receive financial aid. In order to remain eligible, the student must meet the quantitative and qualitative components. These are composed of a cumulative Grade Point Average (GPA), the successful completion of attempted credits hours (PACE), and a maximum time frame to complete his or her course of study.

The U. S. Department of Education does not believe it is appropriate for students who are not making progress towards program completion to continue to receive Federal Title IV Financial Aid. Students who are experiencing circumstances that interfere with their ability to meet SAP standards may appeal their financial aid suspension. Effective July 1, 2012, the student's appeal can be considered with the submission of a completed academic plan developed by the student and his/her advisor.

The academic plan must demonstrate an outline of the coursework and GPA necessary to achieve the minimum standards within a maximum of four (4) additional semesters of enrollment. The academic plan submitted should reflect realistic and attainable goals for the student. At the end of each semester, the student will be reviewed to ensure that he/she is following the plan. Please complete the following sections with the requested information so we can accurately assess this student's financial aid eligibility. Thank you for your assistance in this matter.

Sincerely,

Director of Student Financial Assistance
