West Virginia State University
Careers in Science Seminar Series

Dr. Dana Bixler M.D. MPH
Director of Medical Epidemiology
West Virginia Department of Health

Life after Undergraduate Studies – Epidemiology as a Career Option

Career choices are incredibly important. Have you thought about what yours will be? Dr. Bixler will talk about her exciting career.

What is an epidemiologist?
How did a chemistry major end up as an epidemiologist?
Investigations conducted in West Virginia
  Methicillin resistant *Staphylococcus aureus* in football
  Norovirus in a family medicine clinic
  Hepatitis B from a Dental Clinic

Dr. Bixler will present a seminar Tuesday, October 19, 2010 on epidemiology as a career choice in Hamblin Hall Room 107. The seminar will begin at 12:30 and will conclude by 1:30
