Are you the "Best of the Best" who has what it takes to make it in the real world?

The Annual Leadership Institute Recruitment Conference & Career Fair is the premier recruitment conference for students attending public HBCUs. For the past nine years, this four day conference has given talented future leaders a unique professional development experience that annually brings a carefully selected group of students together with many of the nation’s top executives for leadership training, career management, life skills, and development and recruitment opportunities. One of the main components of the Leadership Institute is the Career Fair, where students attending the conference will be able to meet with over 50 companies and government agencies offering job and internship opportunities. Surveys and other research conducted among students, business executives who serve as instructors and corporate conference sponsors reveal that the Leadership Institute is having a tremendous impact in a range of areas.
