

WEST VIRGINIA STATE
UNIVERSITY

**Office of Sponsored Programs
Frequently Requested Grants Information**

SF 424 Applicant Information for Grants.gov / or other Applications:

West Virginia State University Research & Development Corporation:

Legal Business Name as
listed in System for Award
Management (SAM):

West Virginia State University

Doing Business as:

West Virginia State University Research &
Development

Street (Physical Address):

4015 Fairlawn Avenue
Dunbar, WV 25064-3501

Mailing Address:

204 ACEOP Administration Bldg.
P.O. Box 1000
Institute, WV 25112-1000

Organizational Data Universal Numbering System (DUNS Number): 874797876

West Virginia State University:

Legal Business Name as
listed in System for Award
Management (SAM):

West Virginia State University

Doing Business as:

(none)

Street (Physical Address):

5000 Fairlawn Avenue
Institute, WV 25112-0001

Mailing Address:

115 Ferrell Hall
P.O. Box 368
Institute, WV 25112-0368

Organizational Data Universal Numbering System (DUNS Number): 088907431

West Virginia State University Foundation:

Legal Business Name: West Virginia State University Foundation, Inc.
Street (Physical Address): 100 East Hall, Barron Drive, Institute, WV 25112
Mailing Address: 100 East Hall, P.O. Box 1000, Institute, WV 25112
Organizational Data Universal Numbering System (DUNS Number): N/A

Person to be contacted on matters involving grant application:

The following contact information may be listed for the Office of Sponsored Programs or the Principal Investigator may list themselves as the contact.

Name: Amy Postalwait
Position/Title: Director of the Office of Sponsored Programs
Address: 201 Campbell Conference Center, P.O. Box 1000
Institute, WV 25112-1000
County: Kanawha
Phone Number: 304-204-4005
E-mail: grants@wvstateu.edu

Federal Employer Identification Number (FEIN):

- WVSU R&D: 55-0708567
- WVSU: 55-6000839
- WVSU Foundation: 55-6019228

Type of Applicant (in grants.gov):

- Public/State-Controlled Institution of Higher Education
- Historically Black College and Universities (HBCUs)

US Congressional District:

Second District: WV-002 (as entered in grants.gov)

Is this Application Subject to Review by State Executive Order 12372 Process:

Executive Order 12372, the "Intergovernmental Review of Federal Programs," is intended to promote intergovernmental partnership through the coordination and review of proposed Federal financial assistance and direct Federal development. The West Virginia Development Office, Community Development Division is the Single Point of Contact for the State of West Virginia. The provisions of Executive Order 12372 of July 14, 1982, appear at 47 FR 30959, 3 CFR, 1982 Comp., p. 197, unless otherwise noted. [The White House Office of Management and Budget](#) maintains the official policies and directory of State Single Points of Contact.

Sometimes grant instructions will identify whether the federal assistance requires intergovernmental review. The Catalog of Federal Domestic Assistance also lists programs eligible for intergovernmental review under Executive Order 12372. To determine if a funding opportunity requires intergovernmental review visit the [beta.SAM.gov website](#), under the "Federal Assistance" heading, click on **Search Assistance Listings**, then in the Keywords box type, **programs requiring executive order 12372 review**.

After confirming the program's intergovernmental review eligibility, indicate whether your application is subject to the process by responding to the E.O. 12372 question on the SF-424, Application for Federal Assistance.

If the program is covered by the Executive Order, please contact the Office of Sponsored Programs to discuss the process for submitting information to the West Virginia Development Office, Community Development Division. A brief letter of intent will need to be submitted on institutional letterhead, stating the contact name, program/grant title, CFDA number and name of program/grant, along with the following documents:

- Signed Copy of SF-424
- Narrative or Abstract
- A Copy of the Budget

According to the West Virginia Development Office a review letter will be mailed from the office within 30 days for a competitive grant or 60 days for a non-competitive grant application, after receipt of the required information. For more information, contact Susan Foster at 304-558-2234 or susan.k.foster@wv.gov.

Is Organization Delinquent on Any Federal Debt?

No

Drug Free Workplace:

Yes

Debarment:

No

Assurance of Nondiscrimination:

Yes

P.O. Box 1000
Institute, WV 25112-1000
Telephone: (304) 766-5779
Sue.woodward@wvstateu.edu

Budget Guidelines:

Salaries for current WVSU faculty and staff should be confirmed with WVSU or WVSU R&D Payroll Offices before submitting the budget to the Office of Sponsored Programs for internal approval.

Salaries/wages whether for faculty, other professionals, technicians, post-doctoral associates, research associates, or graduate and undergraduate students should be included as a direct cost and are subject to the indirect cost rate. Any salary/wage that is charged fringe cannot be included in participant support. It will need to be listed as Salary, and both fringe and indirect costs will need to be calculated.

NIH Salary Cap:

The NIH salary for senior personnel on grants, cooperative agreements, and contracts is capped at \$192,300 per year. Verify at www.nih.gov/.

NSF Salary Restriction:

NSF-funded salary for senior project personnel on grants, cooperative agreements and contracts is limited to two months per project year. Verify at www.nsf.gov/.

Budget Guidelines for Students:

Salaries/wages are not considered Stipends unless they are paid directly to the University, rather than to the student.

If Students are taking classes in the regular or summer sessions, then they cannot work more than 20 hours per week. In the summer students can work up to 29 hours per week if they are not taking summer classes.

Undergraduate Student wages should be budgeted at \$8.75 to \$12 per hour depending upon their level of experience and how much funding the Principal Investigator has available in their grant budget.

Graduate Student wages should be budgeted at a minimum of \$666.67 every two weeks. Wages should be determined by level of experience and how much funding the Principal Investigator has available in their grant budget. The \$666.67 base provides students approximately \$12,000 per year for the academic year. If Graduate Students will work 12 months, (Academic and Summer months) this works out to \$16,000 per year.

Fringe Benefit Rates When applying for grants:

Full-time employees (WVSU)	30%
Full-time employees (R&D)	38%
Temporary Employees (R&D)	
• Employees 0 to 29 hrs./week	18%
• Employees averaging 30 hours or more per week are eligible for healthcare and retirement benefits.	38%
Graduate Students (R&D)	15%
Undergraduate Students (R&D)	15%
Faculty Summer Salaries (R&D)	25%

Travel Information:

Mileage Rate: The current IRS Standard Mileage Rate for 2019 is \$0.58 per mile.

The University and R&D both follow the standard US General Services Administration rates which are based on locations for per diem, meals and incidentals and expenses (IE). Visit www.gsa.gov/ and click on the menu option for Travel to access rates for Per Diem, Meals and IE.

Lodging and flights are booked through National Travel. Third party vendors such as Priceline and Expedia can be used for estimates to obtain travel approval. However, lodging and flights must be booked through National Travel. Please contact your respective travel coordinator for R&D or Samantha Baisden in the University Business and Finance Office at 304-766-3013 for assistance.

Facilities and Administration (F&A), Indirect Costs (IDC), or Overhead Costs:

Most sponsored projects include Direct and Indirect Costs. The direct costs are those that can be specifically and easily identified with a particular project or activity and are allowable under the sponsoring organizations guidelines. Indirect costs, according to the

federal Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards issued by the Office of Management and Budget (Uniform Guidance), are those costs that are incurred for common or joint purposes, and cannot be easily and specifically identified with a particular sponsored project.

These costs are also sometimes called “facilities and administrative costs (F&A)” or “overhead.” The terms indirect costs, overhead costs, and F&A costs are synonymous.

University indirect costs include building and equipment depreciation and use allowance; general administration; departmental, operation and maintenance expenses. Most federal agencies and other sponsoring organizations pay the university for indirect costs in addition to the direct costs of a grant or contract award.

Thus, indirect costs are the related costs of using the University's facilities and administrative support that cannot be claimed as direct costs. Indirect costs are not profit; instead they are part of the real costs of conducting externally sponsored projects. By collecting indirect costs from sponsors, WVSU is recovering those expenses.

The federal government has established what costs may be charged as direct costs and what costs are considered indirect costs. The following summary gives a brief description of costs and whether they should be charged as direct or whether they are included in the indirect cost calculations.

Current Indirect Cost Rate:

Our current negotiated indirect cost rate agreement with the Department of Health and Human Services (DHHS) is effective until June 30, 2020 or until revised. Grants or contracts are not subject to more than one indirect cost rate.

The WVSU rate is a Modified Total Direct Cost (MTDC) Rate. To determine the MTDC base to which the indirect cost rate will be applied, assess all direct costs then subtract equipment, capital expenditures (alterations and renovations), charges for patient care and tuition remission, off-campus space rental costs, scholarships and fellowships, participant support costs and the portion of each subgrant or subcontract in excess of \$25,000, and then multiply by the indirect cost rate to calculate the dollar amount that will be requested for indirect costs.

On-campus versus Off-campus:

For activities performed in facilities **not** owned by the university and to which rent is directly allocated to the project(s) the off-campus rate will apply. If more than 50% of a project is performed off-campus, the off-campus rate will apply.

- 50.73 percent for on-campus activities. Modified Total Direct Cost (MTDC).
- 26.54 percent for off-campus activities. Modified Total Direct Cost (MTDC).
