

West Virginia Higher Education Policy Commission Procedure Rule
New D/F Repeat Policy Effective
Fall 2018

Provisions:

- Caps repeats at 21 hours taken prior to receipt of baccalaureate degree (It does include transfers)
- Allows 8 hours of upper-division "C" grades with written permission from appropriate dean of student's major
- Keeps old policy until fall for students already enrolled, then new policy will begin (clean slate regardless of earlier repeats)
- Prevents any further alteration to original course once it has been disregarded (if student takes course a third time and passes, the third class hours will not count toward graduation)

The Candidate is responsible for completing the application in the Registrar's Office when the course is successfully completed with a grade of "C" or higher.
